

The ruby black color with the multifaceted dark-toned aromas, introduce this great wine. But it's the texture that really grabs you. Velvet and succulent in the center, surrounded by rich soft tannins, it carries nuanced layers of black fruit through the mid palate. This wine is powerful, not in terms of alcohol but by virtue of its concentration, complexity, and length. Bring out the beauty and strength of the O•S EM Cab by serving it with lamb and soft ripened cheese but also by halibut, sturgeon and marinated octopus (who knew?).

**Origin of Grape:** Elephant Mountain Vineyards, Yakima Valley, Washington
